

Workshop on the sharing of experience in dealing with Maritime Disasters

Please add as many details as possible and if you have developed a contingency plan as advised by Resolution 1/2005 – IHO Response to Disasters, please provide this if you are willing to share it

There isn't a contingency plan in place in the Cooperative Republic of Guyana as is required by Resolution 1/2005 – IHO Response to Disasters, owing to the fact that we are currently being assisted by the UK government to develop of hydrographic and nautical charting capabilities (fulfilment of SOLAS Chapter V Regulation 9 obligations),

Emergency Contacts – Who is the focal point? Who are the listed Emergency contacts?

Ms Claudette Rogers – Director General, Maritime Administration Department

Mr Troy Clarke – Superintendent of Surveys (Ag) – Head of Hydrography, Nautical Cartography and Dredging

Prediction – What prediction and forecasting work is being done?

There is no predication and or forecasting work that is on-going in Guyana

Planning – What plans do you have in place? Do you have a contingency plan? if so, please can you share it?

There are presently no plans in place; however the Administration would seek to have a plan develop and put in place in the near future after seeking assistance and guidance in this regard

Recovery – What is your recovery plan? Do you have lessons learned from previous experience?

NA
